

# FISH-O

## (Organically Certified Hydrolysate)

- Is an organic fertiliser and soil revitaliser produced from fresh tuna
- Is 100% pure liquid fish & contains a wide spectrum of major nutrients and trace elements in organic plant available form
- Retains all the nutrients, trace elements, vitamins etc. that were present in the raw fish and is very effective as a livestock feed additive
- Can be used as a foliar spray and also for ground application
- Has a non-offensive smell, is easy to handle and simple to apply by spray equipment & fertigation
- Is suitable for MOST soils, pastures, crops, ornamentals and vegetables
- Is environmentally friendly and safe to plants
