

Nutri-Life Root-Guard™

A blend of beneficial fungi designed to improve the ratio of desirable to undesirable organisms in the root zone.

Root-Guard™ is a talc-based formulation containing the following naturally occurring fungal species: *Arthrobotrys conoides*, *Purpureocillium lilacinus* and *Pochonia chlamydosporium*.

BENEFITS

- Australian Certified Organic (ACO) Registered Farm Input 456AI.
- A highly efficient bio-balancer capable of improving soil food web ratios.
- Applicable at all stages of crop production.
- Biodegradable and target specific.
- User friendly.
- No withholding period.
- Contains three species of bio-balancing fungi.
- A powerful probiotic.

PACKAGING:

1 kg, 5 kg, 4 x 5 kg,
40 x 5 kg

Product Code: NLRG

**MICROBIAL
PRODUCTS**

Nutri-Life Root-Guard™

APPLICATION RATES

Soil Application:

- 5 kg/ha
- Apply as required
- Recovering soils may require monthly applications

INSTRUCTIONS

- This product requires sieving when applied with sensitive spray equipment. Prior to application, mix Root-Guard™ with water to make a slurry. Stand for 1 hour, screen, then add to fertigation or spray tank.

IMPORTANT

- Contains live organisms. Do not mix with fungicides/bactericides, toxic chemicals or soil fumigants. Sanitise spray tank before application.
- All microbial products should be added to the tank last after all other inputs have been diluted. Ideally, apply in the late afternoon. Do not exceed 60 psi.
- While handling and applying microbial products protective clothing, gloves and face masks should be worn. Wash hands after use.

COMPOSITION

Contains the species *Arthrobotrys conoides*, *Purpureocillium lilacinus* & *Pochonia chlamydosporium*

STORAGE & HANDLING

- Immuno-compromised persons (e.g. those undergoing chemotherapy) should not handle or be exposed to microbial products. While handling, brewing and applying microbial products protective clothing, gloves and face masks should be worn. Contains live organisms. Avoid aerosols generated by aeration. Store in cool, dry place away from sunlight and below 30°C (preferably under refrigeration). Use as soon as possible after opening but if this cannot be achieved then refrigerate remainder immediately after use and use within 3 months. Contamination of contents may occur at any time after opening and NTS takes no responsibility for opened product not used immediately. DO NOT FREEZE.

Disclaimer: Any recommendations provided by Nutri-Tech Solutions Pty Ltd (NTS) or its Distributors are advice only. As no control can be exercised over storage, handling, mixing, application or use, or weather, plant or soil conditions before, during or after application (all of which may affect the performance of our program), no responsibility for, or liability for any failure in performance, losses, damages, or injuries (consequential or otherwise), arising from such storage, mixing, application, or use will be accepted under any circumstances whatsoever. NTS recommend you contact an Agronomist prior to product application. The Buyer assumes all responsibility for the use of any NTS products.
