

# Nutri-Life Sudo-Shield™

Sudo-Shield™ is a revolutionary new biological inoculum featuring *Pseudomonas fluorescens*.

Sudo-Shield™ is designed to assist in the recovery of previously affected pathogen-damaged soils & plants.

## BENEFITS

- Australian Certified Organic (ACO) Registered Farm Input 456AI.
- A natural input which can be an invaluable tool in the development of a chemical-free approach.
- May aid in the recovery of plants previously affected by several damping off, rot and wilt diseases.
- Easy to use – simply apply through fertigation or foliar spray.
- Bio-balancing is a proven strategy in high production, biological agriculture.

## PACKAGING:

1 kg, 5 kg  
Product Code:  
NLSSH

MICROBIAL  
PRODUCTS

# Nutri-Life Sudo-Shield™

## APPLICATION RATES

### Foliar Application:

250 g per 100 L of water up to 2.5 kg/ha equivalent  
Apply as required

### Soil Application:

2.5 kg/ha  
Apply during bed preparation or at planting  
Boomspray on beds or apply via fertigation

## INSTRUCTIONS

- This product requires sieving when applied with sensitive spray equipment. Prior to application, mix Sudo-Shield™ with water to make a slurry, screen, then add to fertigation or spray tank. Apply as soon as possible (within 1 hour).

## IMPORTANT

- Contains live organisms. Do not mix with fungicides/bactericides, toxic chemicals or soil fumigants. Sanitise spray tank before application.
- All microbial products should be added to the tank last after all other inputs have been diluted. Ideally, if foliar spraying, apply in the late afternoon. Do not exceed 60 psi.
- While handling and applying microbial products protective clothing, gloves and face masks should be worn. Wash hands after use.
- Avoid spraying close to harvest if produce is susceptible to staining.

## COMPOSITION

Contains the species *Pseudomonas fluorescens*

## STORAGE & HANDLING

- Immuno-compromised persons (e.g. those undergoing chemotherapy) should not handle or be exposed to microbial products. While handling, brewing and applying microbial products protective clothing, gloves and face masks should be worn. Contains live organisms. Avoid aerosols generated by aeration. Store in cool, dry place away from sunlight and below 30°C (preferably under refrigeration). Use as soon as possible after opening but if this cannot be achieved then refrigerate remainder immediately after use and use within 3 months. Contamination of contents may occur at any time after opening and NTS takes no responsibility for opened product not used immediately. DO NOT FREEZE.

**Disclaimer:** Any recommendations provided by Nutri-Tech Solutions Pty Ltd (NTS) or its Distributors are advice only. As no control can be exercised over storage, handling, mixing, application or use, or weather, plant or soil conditions before, during or after application (all of which may affect the performance of our program), no responsibility for, or liability for any failure in performance, losses, damages, or injuries (consequential or otherwise), arising from such storage, mixing, application, or use will be accepted under any circumstances whatsoever. NTS recommend you contact an Agronomist prior to product application. The Buyer assumes all responsibility for the use of any NTS products.
